

WASTECAP OF LINCOLN'S

RECYCLING

JANUARY
2002

Project Committees to be Created for WasteCap of Lincoln Projects.

WasteCap of Lincoln is developing a list of projects for 2002 that will need ad hoc committees to meet and provide input. Your input as a member is very valuable. Committees will be developed for the design of employee training modules, membership outreach, and others. To ensure that these projects are "yours" as members, we would appreciate your input on these committees and our current projects. Please contact our office if you would like to become involved in one of these planning committees or to just learn more. We would love to hear from you.

Annual Report Volumes Needed

Each year, WasteCap of Lincoln compiles recycling, reuse and other information from your business as well as the recycling service providers in our area. This information provides us with a "recycling report card" for our members. Once received, individual business information is kept confidential. The volume reports are combined for a total annual success of all of our members to share. We make every effort to be as accurate and timely with this information as possible. It is also included in our annual report. If you have not already, please return your annual volume surveys to our office via fax, e-mail or mail. Please contact us at 472-0888 if you need another form or if you have any questions.

Did You Know... Recycling 1 Ton of paper can save 17 trees.

BULLETIN

Light Cycle Pick-Up Dates

Jan: 10th & 11th	Feb: 11th & 12th
21st & 22nd	25th & 26th
